SUMMARY

Frontend Developer with over 5 years of experience helping build responsive web systems and software, providing solutions for both small business owners and large companies. Over the past 4 years, I have been immersed in JavaScript-based technologies such as Vue.js, TypeScript, and Next.js, also working with React, Styled Components, and Tailwind CSS. I have worked on customized dashboard and reporting solutions, also involved in the MarTech space, applying SEO solutions in partnership with marketing agencies, building websites, and developing internal business management systems and client portals.

SKILLS

Hard Skills: Javascript, Typescript, React, Nextjs, Docker, Vuejs, Nuxtjs, SQL

Soft Skills: Communication, Teamwork, Proactivity, Learning Agility
